

## SIRENS & HORNS

A121AXAC230R-  
UL

Powerful alarm horn sounder | recording function |  
max. 126dB @ 1m | 90-260V AC | red

### Specifications

|                                       |  |                    |  |
|---------------------------------------|--|--------------------|--|
| Alarm stages                          | 4  | Range              | 300m                                       |
| Brand                                 | E2S  | Rated current      | 240V AC 517mA                              |
| Cable entry                           | -40°C to +60°C                                     | Rated voltage      | 230V AC                                    |
| Certificates, quality marks, markings | UL   | Relative humidity  | Minder dan 90% (geen condensatie) bij 20°C |
| Colour                                | RAL 3000 red                                       | Sound level (max.) | 121dB(A)                                   |
| Dimensions                            | 190mm x 190mm x 210mm                              | Type               | Pre-configured                             |
| Effective range                       | 300m @ 1KHz  | UL certificate     | Yes  |
| Ingress protection                    | IP66   | Voltage            | 230V                                       |
| Material                              | ABS  | Voltage type       | AC   |
| Model                                 | Electronic multitone siren with recording function | Volume control     | Full range control                         |
| Mounting type                         | Outside mounting lugs                              | Weight             | 2700g                                      |
| Number of tones                       | 45   |                    |  |
| Operating temperature                 | -25°C to +55°C                                     |                    |  |
| Operating voltage                     | 90-260V AC   |                    |  |
